## PROJECT EXPERIENCE

**Movie Quiz and Search** — Entertainment
- Connected IMDB API to the website using JS, which pulls all the data that the website requires.
- Users have the option to search for a movie, which will display a list of titles, release date, and rating.
- Users can take a movie quiz, which will prompt you to match a movie description with 1 of 4 titles, 1 being correct and the other 3 being randomly generated wrong answers.
